

For Immediate Release

Imaging Solutions and Services Inc Opens for Business

Memphis, TN, August 28, 1995 – Imaging Solutions and Services Inc (ISSI), opens for business with a focus on total customer satisfaction as it delivers comprehensive, high-quality document imaging solutions and services to the Mid-South. Headquartered in Memphis, TN, ISSI offers a wealth of industry experience for organizations needing to effectively manage large volumes of records via digital imaging and microfilm.

Jay Barrow, President, ISSI, states “The market is in need of a technology provider who will deliver solutions that maintain a keen focus on the customer’s requirements and delivers the right technologies to provide the results the customer needs.”

Prior to launching ISSI, Mr. Barrow worked for the Document Imaging division of Eastman Kodak Company where he held roles in sales, technical sales leadership and professional sales and marketing educational development. Mr. Barrow also worked at the Crescent Equipment Company as the Vice President of Sales, Production and General Manager. This professional experience is supported by degrees in Industrial Engineering and Industrial Management from the Southern Polytechnic Institute.
